

ISOLA SALONI AND VAL DA RIO PORT

The Port of Chioggia is located in the homonymous basin, which is an integral part of the Lagoon of Venice, and in communication with the Adriatic Sea through its opening.

The port of call has two functions:

the first one concerning inland navigation, connecting the Adriatic Sea and Po hinterland towns of Mantua, Cremona and Piacenza to Milan.

the second one involves him in the role of coaster with a strong presence in areas such as ro-ro and ro-pax.

Currently has two seaports : Isola Saloni and Val da Rio.

ISOLA SALONI

The port of call located in Chioggia, extended in an area of 100,000 square meters, 1,350 ml of piers and more than 47,000 cubic meters of private warehouses.

It handles about 2 million tons of cargo a year, reaching the highest yield in relation to the linear feet of pier.

VAL DA RIO
